# EM Strasbourg School of Management

- Students who attend the EM Strasbourg Business School may take business courses in English as well as cultural courses taught in basic French designed for non-native French speakers.
- Extra-curricular activities are an integral part of the EM Strasbourg Business School program and provide students with the chance to express themselves fully outside the classroom or lecture-hall context.
- Extra-curricular activities in the EM Strasbourg Spirit benefit from teacher backing and allow students to work together (and individually) and test out their professional, social and relational abilities within team-based projects.

## Course Information:

- Courses at EM Strasbourg typically transfer back to USD as only 1.5 or 2 units per class.
- Therefore, students may need to enroll in 8-10 courses in order to remain as full time students.

# Important Information to Note
